LOOD DANGER OVER

at Jacksonville, Fla.,
Greatly Improved.

DEAD DISTRICTS DRAINED

Have Been Reported Lost
No One Was Injured During the
Water Stage—Property Loss
Estimated at \$6,000.

Jacksonville, Fla., Sept. 12.—No lives
lost, six thousand dollars
property loss and the streets
thoroughly clear of water summarizes
the situation so far as the flood was
concerned Friday.

On Friday the situation looked seri-
ous. Twelve inches of water had
fallen in two days, and the streets and
cellars were flooded, and the main business
part of the city was threatened.
Rain stopped Thursday night
morning practically all the water
drained off the flooded dis-
tricts Jacksonville citizens looked
for relief on the situation.

There appears to be no further dan-
ger of flood damage and the work of
clearing the streets where the water
has been highest has begun.

Some of the streets were from 2 to
3 feet under water. In East Spring-
field blocks were affected by the
water and it was impossible for
hundreds of persons to reach their
homes.

The flood was confined practically
to the boundaries of Iona, Hub-
bard and Seventh streets.

The western part of the city the-
reabout the union station was
not affected.

Several street car lines suspended
operations for the night.

The streets are rapidly resuming
normal appearance.

CANNON OPENS CAMPAIGN.

Address Was Devoted to the
Labor Question.
Chicago, Ill., Sept. 12.—Speaker
G. Cannon Thursday opened
his campaign for re-election to con-
gress in his home town. Almost his
entire address of nearly two hours
devoted to the labor question. He
expressed his respect to Samuel Gompers,
leader of the American Federation
of Labor, who spoke here on Labor
day. Cannon plainly said he
would vote in congress for the
repeal of some other things demand-
ed by Gompers, including an anti-
trust law that, he declared, would
kill one of every two of another.
Cannon was greeted by an audi-
ence of five thousand, who cheered
several minutes when he appeared
on the stage. He was escorted from
the stage to the theater by the Can-
non Club, an organization that
has been active for twenty years.

BITTEN BY RATTLER.

Spring at Girl as She Opened
Chest Door at Girard, Ala.
Girard, Ala., Sept. 12.—Miss L.J.
Horne, of Girard, Ala., had
a thrilling adventure Thursday
night when she went to open the door of a
room in the family resi-
dence. As she pulled open the door a
snake, which had crawled into
the room in some mysterious manner
and concealed itself in the closet,
bit her, burying its fangs in her
leg. By prompt work the effect of
the bite was counteracted.

Fireguard a Free Man.
Sept. 12.—George W. Fitz-
gerald, arrested by the state authori-
ties for the theft of \$173,000 from the
state treasury here, was
released Thursday by Judge Chetlain.
Judge Chetlain, on instructions not to
release anyone without the fed-
eration, took the stand and
said he was a free man. Judge Chetlain
dismissed the case.

VOYAGE OF THE FLEET.

American Battleships Now at Albany,
West Australia.

Albany, West Australia, Sept. 12.—
The American battleships arrived here
after a 1,300 mile voyage from Mel-
bourne, at 7 o'clock Friday morning.

While still a half mile off Ming fort,
they formed a square and ex-
changed salutes with the fort, the
British cruiser Gibraltar and the
Chilean training ship General Baquedano.
At about 10 o'clock a section
headed by the Connecticut weighed
anchor and proceeded to Princess Roy-
al harbor, where are the coaling and
shipping piers, and decks were speed-
ily cleared for the work of taking
in fuel. The ships already are pre-
paring to coal for the voyage to Ma-
nila. The harbor is brilliant with
flags of various nations, but the United
States colors predominate.

On the run up from Melbourne,
the warships engaged in battle maneu-
vers day and night and they are mak-
ing active preparations for the target
shooting and maneuvers that are to be
conducted in the Manila bay during
the month of November. These opera-
tions are to be the most important
ever carried out by the American
navy.

FATAL SHOOTING AFFRAY.

One Man Killed and Others Wounded
in West Virginia.

Richmond, W. Va., Sept. 12.—One
man was shot and instantly killed and
others hurt in a shooting affray here
Wednesday night, said to have been
the outgrowth of bad feeling between
local police authorities and the deputy
United States marshal.

Officer Craft and Chief Bryant had
arrested two men for drunkenness,
and were taking them to the police sta-
tion when Deputy United States Mar-
shal Rutherford appeared and, it is
said, demanded their release. When
this was refused Rutherford began
firing at the officers. Bryant was shot
in the right arm, but with his left
hand, it is said, he fired a bullet which
struck Rutherford above the right
eye, killing him instantly. Craft, who
was wounded before Bryant fired the
fatal shot, was hurried to Baltimore
to the Johns-Hopkins hospital.

Elliott and the unknown man were
wounded during the exchange of shots
by the officers.

ROYALISTS FORCED TO RETIRE.

Persian Troops Intercepted by Moun-
tain Tribesmen.

St. Petersburg, Sept. 12.—The No-
voe Vremya publishes a dispatch from
Tabriz, dated Sept. 9, saying that
two thousand Persian troops and two
companies of Kurds, commanded by
Izzatul, coming from Maku to the as-
sistance of Ali Ed Dowleh, had been
intercepted ten miles from Tabriz by
a force of mountain tribesmen, ad-
herents of Satar Khan. The royalists
were forced to retire. Among the in-
jured is Shireikhan, one of the royal-
ist leaders.

Continuing, the correspondent says
that heavy artillery and rifle fire was
heard the night of the ninth at Ta-
briz, but that the outcome could not
be learned.

Skeleton Found in Swamp.

Statesboro, Ga., Sept. 12.—While
hunting in the Ogeechee river swamp
a day or two ago J. C. Loftum, J. C.
Lee and others found a human
skeleton in the bushes. The remains
were discovered opposite Cameron on
the Bulloch county side of the river.
Beside the body lay a pocket knife
and a dollar and a half in silver. All
the clothing had become threadbare
and was decomposed. There was nota-
thing by which the remains could be
identified. The affair is shrouded in
mystery.

Fruit Exchange Organized.

Atlanta, Sept. 12.—The Georgia
Fruit Exchange, to be composed of
the fruit growers of Georgia, has been
organized here. It is to be
capitalized at \$100,000, and will have
its principal place of business located
in Atlanta, with two branch offices to
be located at the largest shipping
stations in each of ten districts, into
which the fruit growing section of the
state is to be divided.

MENACED BY FLAMES

Bush Fires Surround Port Arthur
and Fort Williams, Ont.

WHOLE COUNTRY IS ABLAZE

It is Reported that the Worst Forest
Fires in the History of the Country
Are Now Raging Along the Pacific
Railway.

Port Arthur, Ont., Sept. 12.—Bush
fires surround Port Arthur and Fort
Williams and all day Thursday fire-
men and citizens fought the flames.
The whole country east and west is
ablaze and the fire is gaining great
headway.

On Thunder Cape the whole section
is lighted up with flames from forest
fires.

East of here, along the Pacific rail-
way, it is reported that the worst
forest fires in the history of the country
are now raging. Along the Duluth
extension several villages are threat-
ened. According to a report received
the fire is only a short distance from
the village of Hymers. From the in-
ternational boundary to Hymers, a dis-
tance of thirty miles, the whole coun-
try is ablaze.

Rancher Started Bush Fire.

Los Angeles, Calif., Sept. 12.—One
hundred and fifty men fought a fire
which threatened the town of La
Crescenta and the valley west of Pa-
adena Thursday night and has burned
over an area of thirteen square miles,
a portion of which is included in the
San Gabriel forest reserve. The fire
started when a rancher attempted to
burn some brush.

HER SKULL FRACTURED.

Woman Hit by Baseball Bat—Robbed
of \$2,000 in Jewels.

Atlanta, Sept. 12.—Her skull frac-
tured by a baseball bat in the hands
of an unknown white man, Edna Hale,
a young woman about twenty years
of age, of 50 Courtland street, was
sent to the Grady hospital late Thurs-
day afternoon in a critical condition.
After a careful examination it was an-
nounced that she had a slight chance
to recover and an operation was per-
formed.

It is alleged that about \$2,000 worth
of diamonds and other jewels were
stolen by the man who administered
the blow, and it is believed that the
assault was made for the purpose of
securing the valuables.

Officers Bentley and Norris were
called to the scene, but the assailant
had made good his escape.

A NEW DEPARTURE.

Course Preparatory to Matrimony in
Public Schools.

Topeka, Kans., Sept. 12.—The
time is coming when a course prepar-
atory to matrimony will be offered in
our public schools in which young men
and women will be taught some impor-
tant matter relative to marriage.

Professor H. M. Blackmer, head of
the department of sociology at the
University of Kansas, made this
statement here before the superinten-
dents of Kansas charitable institu-
tions. Professor Blackmer believes
such a course would go far toward
improving Americans as a nation and
he believes it the most expedient
remedy for unhappy marriages.

River Steamer Caught on Fire.

Memphis, Tenn., Sept. 12.—The
river steamer Peters Lee, playing be-
tween Memphis and upper river points,
caught on fire a short distance above
this city Friday and was beached on
Island No. 8. A small fire soon
prevailed among the passengers, but
no one was injured. The stern por-
tion of the boat was considerably dam-
aged before the fire was extinguished.

Resolutions Adopted.

Wilmington, Sept. 12.—A resolution
demanding a free complex system of ed-
ucation was adopted by an overwhelm-
ing majority at the congress of archi-
tects, now in session in this city.

REFUSED SALARY INCREASE.

Rev. Irving Berg Turned Down Offer
of More Money.

Catskill, N. Y., Sept. 12.—Very few
persons refuse an increase in salary
of \$500 a year, but the Rev. Irving
H. Berg, pastor of Catskill Reformed
church, has that record. In August
Mr. Berg's congregation gave him a
month's vacation. During his absence
the church officers voted to increase
his salary to \$2,507. He had been re-
ceiving \$2,000 and use of the parson-
age. When Mr. Berg returned he
was notified of their action and imme-
diately called a meeting of officers
of the church and asked them to re-
scind the resolution increasing his
salary and to leave it at the old fig-
ure.

The officers were surprised and said
it was the wish of the church, but Mr.
Berg said while very thankful for the
kindness, that he did not wish the in-
crease. The officers decided to let
the matter rest until next May, when
the increase will again be tendered.

ATTEMPT AT SUICIDE FAILED.

Had Man Staked Last Quarter on Gas
Meter: He Might Have Succeeded.

New York, Sept. 12.—After making
elaborate preparations for killing him-
self by gas, including the writing of
a farewell letter to his wife, in which
he stated that he had spent his last
quarter for drink, James Rowan, for-
ty-one years old, turned on the gas
and lay down.

Had Rowan staked his last quarter
on the gas meter he might have had
his wish. The supply of gas, how-
ever, was furnished by a quarter
meter, which supplies 25 cents worth
of illuminating fluid and then stops un-
til another quarter is inserted. The
gas in this case stopped flowing just
after the man lost consciousness and
he was revived by a policeman who
had been summoned.

Rowan was removed to a hospital
and later locked up for attempted sui-
cide.

RELEASED ON PROBATION.

Finger Print Method of Identification
Failed to Satisfy Magistrate.

New York, Sept. 12.—The finger
print method of identification by which
the police have been cataloguing their
prisoners lately failed to satisfy
Magistrate Corrigan in the night
court Thursday night.

A woman, who gave her name as
May Curtis, was arrested as a disor-
derly person. Detective Watson
deceived that she was the same wo-
man who had been twice arrested last
June under the name of Maud Allen
and Rose Allen. He showed a re-
cord of finger prints.

Magistrate Corrigan squinted at the
papers under the magnifying glass.

"They look alike," he said, "but
they have points of difference also, to
my mind. These things are not con-
clusive enough for me. I will give
her the benefit of the doubt and place
her on probation."

GEORGIA LEGISLATURE.

Senate Gets into Another Parliamen-
tary Wrangle.

Atlanta, Sept. 12.—The senate got
into another parliamentary wrangle
Friday morning soon after the session
convened. Senator Knight made an-
other motion that the senate adjourn
until Saturday morning at 9:15 a. m.
Senator Peacock made the point of
order that the motion was not in or-
der on account of the fact that the
previous question had been called.
The chair ruled that the motion was
in order, and Senator Felder began a
tion by the senate.

The house took a recess to await
action by the senate.

The senate voted to override the
decision of President Floyd by 19 to 17
at the conclusion of Senator Felder's
speech.

Schooner Burned to Water's Edge.

Southampton, Sept. 12.—The Amer-
ican built schooner yacht Ceylon has
been burned to the water's edge off
St. Catherine's point. The owner,
Captain R. V. Webster, of Columbia,
and the crew left in boats and were
later picked up by a tug. The bulk
was towed into Ventnor, Isle
of Wight.

CITY IS PROTECTED

New Orleans Will Not Lose by
Clerk's Alleged Shortage.

EXPERTS PROBING MATTER

Vital Tujague, Chief Clerk in the City
Treasurer's Office, is Charged with
a Shortage of \$30,000 in His Ac-
counts.

New Orleans, La., Sept. 12.—Ac-
countants Friday continued their in-
vestigation into the alleged shortage
of about \$30,000 charged against Vi-
tal Tujague, chief clerk in the city
treasurer's office. The shortage so
far brought to light occurred during
1905, 1906 and 1907, and the account-
ants are now working on the 1908
records. The experts' figures show
that \$5,000 is missing according to
the 1905 books, \$8,000 in 1906 and
between \$10,000 and \$15,000 in 1907.

Mr. Tujague, who was arrested Fri-
day night and released on \$10,000
bond, is reported to have made a state-
ment to Mayor Behrman, but has re-
fused to talk for publication.

It is not believed that the city will
sustain any loss, as Mr. Tujague's
brother has deposited \$30,000 to cover
any possible shortage, and in addition
the city is further protected by a
\$10,000 bond.

KERN COMING SOUTH.

Candidate to Make Campaign Speeches
in Several States.

Chicago, Sept. 12.—John W. Kern,
democratic vice presidential candidate,
will make a speaking trip in the south
in October, and the national candidate
is now arranging the itinerary. He will
deliver one or two speeches in Mary-
land and will speak in all probability
in West Virginia and Delaware the
first week in October. Mr. Kern will
speak in Winston-Salem, N. C., on
October 7, when the state fair will
be in progress.

The vice presidential candidate has
also been urged to make speeches in
Georgia and Tennessee. Senator Gore,
of Oklahoma, and George Fred Wil-
liams, of Massachusetts, are to stump
the northwestern states.

GIRL FIRED ON MEN.

Were Making a Disturbance Before
Her Mother's Home.

Cripple Creek, Colo., Sept. 12.—
Armed with a rifle, Miss Annie Cop-
len, of Gillett, 12 miles from here,
fired as rapidly as she could into a
group of men who were making a dis-
turbance in front of her mother's home
Thursday night.

Robert R. Young, operator of a cy-
anide plant at Gillette, was wounded
over the right eye and cannot recov-
er. Wilbur Haas was shot in the
left leg. Miss Coplen was brought
to Cripple Creek.

Her mother declares that the girl
fought a battle with the men and won
the victory.

CONQUEST OF THE AIR.

Writers on Aviation So Regard Orville
Wright's Feats.

Paris, Sept. 12.—Expert writers on
aviation Friday devoted columns in
the newspapers to the importance of
Orville Wright's flying feats at Fort
Myer and liken the effect produced
throughout the world by this demon-
stration to the effecting of the Eiffel
tower by Santos-Dumont in 1900.

With practical unanimity they hail
the Fort Myer performance as mark-
ing the definite conquest of the air
by man. A majority of the writers
think that it is only a question of a
short time before the Wrights or some
other aviator will win the London
Daily Mail's prize of \$50,000 for a
flight from London to Manchester.

Fire Loss of \$200,000.

Toronto, Ont., Sept. 12.—H. B.
Johnson, employer's laundry on Hiver-
ton street, with all its contents, was de-
stroyed by fire early Friday with a
loss estimated at nearly \$200,000. In-
surance \$150,000. Matthew McCollins,
a German, was badly hurt.

GOOD DANGER OVER

at Jacksonville, Fla., Greatly Improved.

FLOODED DISTRICTS DRAINED

Have Been Reported Lost No One Was Injured During the Water Stage—Property Loss Estimated at \$5,000.

Jacksonville, Fla., Sept. 12.—No lives were lost, and six thousand dollars' property loss and the streets were clear of water summarizes the situation so far as the flood was concerned Friday.

Monday the situation looked serious. Twelve inches of water had fallen in two days, and the streets and yards were flooded, cellars were water and the main business of the city was threatened. Rain stopped Thursday night and morning practically all the water drained off the flooded districts and Jacksonville citizens looked on the situation.

There appears to be no further danger of flood damage and the work of clearing the streets where the water has begun.

Some of the streets were from 2 to 3 feet under water. In East Spring street blocks were affected by the water and it was impossible for some of persons to reach their homes. The flood was confined practically to the boundaries of Iona, Hubbard and Seventh streets.

In the western part of the city the street car union station was affected.

Street car lines suspended service for the night. Streets are rapidly resuming normal appearance.

CANNON OPENS CAMPAIGN.

Address Was Devoted to the Labor Question.

Chicago, Ill., Sept. 12.—Speaker G. Cannon Thursday opened his campaign for re-election to congress in his home town. Almost his entire address of nearly two hours was devoted to the labor question. He spoke in respect to Samuel Gompers, president of the American Federation of Labor, who spoke here on Labor day, and attacked Mr. Cannon, inviting working men to vote against him. Mr. Cannon plainly said he would never vote in congress for the labor union and some other things demanded. Gompers, including an anti-labor law that, he declared, would take care of one and fowl of another. Cannon was greeted by an audience of five thousand, who cheered him for minutes when he appeared on the stage. He was escorted from the theater by the Cannon Club, an organization that takes an active part in every campaign here for twenty years.

BITTEN BY RATTLER.

She Sprang at Girl as She Opened a Closet Door at Girard, Ala.

Clinton, Ga., Sept. 12.—Miss Lila Hulse, of Girard, Ala., had a thrilling adventure Thursday when she went to open the door of a room in the family residence.

As she pulled open the door a rattlesnake, which had crawled into the room in some mysterious manner, and concealed itself in the closet, bit her, burying its fangs in her arm. By prompt work the effect of the poison was counteracted.

Fingered a Free Man.

Chicago, Sept. 12.—George W. Fitzgerald, accused by the state authorities of the theft of \$173,000 from the United States treasury here, was indicted Thursday by Judge Chetlain. Fitzgerald, a 35-year-old man, was arrested on instructions not to leave the city without the federal authorities. He took the stand and admitted the theft. Judge Chetlain committed the case.

EXPERTS PROBING MATTER

Vital Tujague, Chief Clerk in the City Treasurer's Office, Is Charged with a Shortage of \$30,000 in His Accounts.

New Orleans, La., Sept. 12.—Accountants Friday continued their investigation into the alleged shortage of about \$30,000 charged against Vital Tujague, chief clerk in the city treasurer's office. The shortages so far brought to light occurred during 1905, 1906 and 1907, and the accountants are now working on the 1908 records. The experts' figures show that \$5,000 is missing according to the 1905 books, \$8,000 in 1906 and between \$10,000 and \$15,000 in 1907.

Mr. Tujague, who was arrested Friday night and released on \$10,000 bond, is reported to have made a statement to Mayor Behrman, but has refused to talk for publication.

It is not believed that the city will sustain any loss, as Mr. Tujague's brother has deposited \$30,000 to cover any possible shortage, and in addition the city is further protected by a \$10,000 bond.

KERN COMING SOUTH.

Candidate to Make Campaign Speeches in Several States.

Chicago, Sept. 12.—John W. Kern, democratic vice presidential candidate, will make a speaking trip in the south in October, and the national candidate is now arranging the itinerary. He will deliver one or two speeches in Maryland and will speak in all probability in West Virginia and Delaware the first week in October. Mr. Kern will speak in Winston-Salem, N. C., on October 7, when the state fair will be in progress.

The vice presidential candidate has also been urged to make speeches in Georgia and Tennessee. Senator Gore, of Oklahoma, and George Fred Williams, of Massachusetts, are to stump the northwestern states.

GIRL FIRED ON MEN.

Were Making a Disturbance Before Her Mother's Home.

Cripple Creek, Colo., Sept. 12.—Armed with a rifle, Miss Annie Coplen, of Gillett, 12 miles from here, broke as rapidly as she could into a group of men who were making a disturbance in front of her mother's home Thursday night.

Robert R. Young, operator of a cyanide plant at Gillette, was wounded over the right eye and cannot recover. Wilbur Hand was shot in the left leg. Miss Coplen was brought to Cripple Creek.

Her mother declares that the girl fought a battle with the men and won the victory.

CONQUEST OF THE AIR.

Writers on Aviation So Regard Orville Wright's Feats.

Paris, Sept. 12.—Expert writers on aviation Friday devoted columns in the newspapers to the importance of Orville Wright's flying feats at Fort Myer and likened the effect produced throughout the world by this demonstration to the circling of the Eiffel tower by Santos-Dumont in 1900.

With practical unanimity they hail the Fort Myer performance as marking the definite conquest of the air by man. A majority of the writers think that it is only a question of a short time before the Wrights or some other aeroplanist will win the London Daily Mail's prize of \$50,000 for a flight from London to Manchester.

Fire Loss of \$300,000.

Toronto, Ont., Sept. 12.—H. H. Johnson company's factory on River street, with all its contents, was destroyed by fire early Friday with a loss estimated at nearly \$300,000. Insurance \$150,000. Matthew McCarty, a fireman, was badly hurt.

LETTER TO DR. J. H. COLSON, Gainesville, Florida.

Dear Sir: We can't get over talk-
ing about those two houses at Lufkin,
Tex., owned by Judge I. D. Fairchild.

Both houses are exactly alike and
both painted at same time by J. M.
Torrance.

One took 15½ gallons Devoe; the
other 25 gallons of another paint sold
at same price.

That 25-gallon paint is weak and
15 per cent whitening; that's why it
took 9½ gallons more.

Yours truly,
F. W. DEVOE & CO.

BAIRD OPERA HOUSE ABOUT COMPLETE

All Work Will Be Complete on Arrival
of the Chairs.

SAME WERE SHIPPED ON 5TH

The Largest and Best Opera House
in the Interior of the State—Seating
Capacity for Nearly One Thousand
People.

Citizens of Gainesville will hail
with delight the news that Baird's
new play house has about been com-
pleted and the contractor will within
a few days turn the building over to
its owner.

The seating capacity of the new
house will be nearly one thousand,
and it is so arranged that no "Merry
Widow" or other large hats will inter-
fere with the audience.

The work in the interior of the
building is fully in keeping with that
of the outside, and the fresco work,
done in different colors, is especially
pleasing to the eye.

The stage is almost twice as large
as the old one was, and it cannot
now be said that we will be unable to
get any medium sized troupe upon the
stage, which song has been sung to
the Gainesville amusement-loving pub-
lic for many years.

The scenery, which will all be new
and up-to-date, will be painted under
the special supervision of Louis
Kaibfield, who is a practical theatri-
cal man and who thoroughly under-
stands the business. It will be hung
on the latest roller devices.

The dressing rooms are large and
comfortable, and in every way the
new play house presents a pleasing
appearance, and will be a joy to the
theatre-goers.

In view of the fact that Manager
Kaibfield has secured exceptionally
fine shows for Gainesville, it is pre-
dicted that people who have not at-
tended a performance here in years
will be seen as regular patrons of
the institution.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

GET FAMILIAR WITH THESE.

As there will be a large number of Presidential Electors on the ballot at the election in November it behooves Democrats to become familiar with the Bryan electors, which are as follows:

For Presidential Electors:

H. P. BAILEY.
P. W. BUTLER.
ROBT. E. DAVIS.
GEO. C. MARTIN.
SAMUEL PASCO.

Paste this list in your hat, so that when you are asked who the Democratic electors are you may be prepared to give the desired information.

If you can "raise the money for the advertising," the advertising will raise the money for everything else.

Aggressive advertising can change the "deadest" store in the city into one of the "livest"—and in a short time, too.

The Ocala Banner is mistaken in saying that the late Capt. John M. Taylor was the father of Chief Justice R. Fenwick Taylor. He was a brother of the chief justice.

The prospects of Bryan's election grow brighter every day. The only real cloud upon the horizon is Hearst and his Independence party, the strength of which cannot yet be determined. Watson will cut no figure in the contest.

The rainfall thus far in Florida during the month of September has been something wonderful. It seems to have been general throughout the State, and in Jacksonville during the past week it was so great as to cause much damage to property and inconvenience to pedestrians.

The Tampa Tribune is endeavoring to arouse the people of the Cigar City to the necessity of paying the premiums awarded at the last State Fair if they expect the next fair to be any kind of a success, the appropriation for paying these premiums not yet being available. The Tribune is right. If the people of Tampa do not appreciate the fair sufficiently to advance the money for these premiums they need not expect much of an exhibit at the next fair, and without a good general exhibit the attendance will be comparatively small.

"In an article on Florida politics contributed to The Levy Times-Democrat," says The Pensacola Journal, "the writer expresses fear that the State may possibly go Republican this fall by reason of so many votes going to Tom Watson, the Populist candidate." This is not the danger, if there is any danger, to be considered. Democratic voters are in an overwhelming majority in this State, but they have shown a disposition to neglect the real election in November, deeming it only the formal ratification of the result of the primary which they think settled everything. All that is necessary is to get out the full vote on election day and no one need entertain the slightest fear as to the result. The total vote in Florida at the coming election should be more than 50,000. Four years ago it was less than 40,000."

POLITICAL APATHY—WHAT DOES IT MEAN?

(Ocala Banner.)

In 1896, when Bryan was first nominated for the Presidency, there immediately followed a blaze of excitement and activity, and when he made that wonderful tour of the country it seemed as if the eyes of the whole country were centered upon him.

It was only paralleled by the hard cider, coon skin and log cabin campaign of 1840.

While the campaign of Mr. Bryan was creating so much of a furore, delegation after delegation were visiting Mr. McKinley on his lawn at Canton, Ohio, and he addressed them from the portico of his home.

In 1900 the excitement was scarcely less than in 1896.

People were discussing politics on the street corners, in hotel corridors, aboard smokers on the trains, the newspapers were seething hot and were read with an avidity that was astounding.

Not so now.

The editor of this paper recently made a trip to Saluda and Asheville, N. C., and neither going nor returning did he hear a single political discussion—indeed, the subject of politics was nowhere mentioned.

Although the general election is but six weeks off there is no political excitement anywhere. What is the meaning of it all?

We can remember when the Populists held a county convention in the court house in Ocala. The building was packed to the doors by delegates and eager spectators and the suppressed feeling was something intense. A Populist State convention was held in the same place the other day, and it was attended by scarcely a baker's dozen, and there were less than a dozen spectators, all told.

Neither Mr. Bryan, nor Mr. Taft, nor Mr. Watson, nor Mr. Debs, nor Mr. Preston, nor Mr. Hlgen is arousing any enthusiasm to speak of; at least, not enough to set the woods on fire.

What does it all mean? What does it portend?

When Mr. Hughes and Mr. Hearst made their gubernatorial canvass of New York State only a year or so ago the public eye was focussed upon them and the excitement they created was almost like a prairie fire—today a canvass between them would hardly create a ripple of the political waves.

What's the cause of it all?

Has President Roosevelt been so spectacular; has his didoes been so great; has his ponderous stick flourished so lustily, that it has destroyed the political appetite of the American people of all political parties for anything less grotesque, picturesque and pyrotechnic?

Has President Roosevelt absolutely destroyed the taste of the average American for politics?

We wish to say to The Gainesville Sun that we have withdrawn our opposition to the adoption of the amendment to the constitution levying a separate tax for the support of State institutions because of the present necessity. We favored the principle, but objected to using sound timbers to uphold a rotten structure, which should come down.—Brooksville Argus. We are truly glad to hear of the withdrawal of Bro. Russell's opposition to the proposed amendment to levy a one-mill tax for the maintenance of the higher educational institutions of the State, for, knowing his great interest in education, we were surprised to see him take a position in opposition to this amendment.

SEA ISLAND COTTON.

Savannah Market Quiet, But Some Little Business Reported.

Savannah, Ga., Sept. 12.—The cotton market was quiet, but with some little business reported, sales being 269 bales for the week. The demand up to the present has been mostly only for type purposes, and as some cotton was offering before the regular inquiry was prepared for it the market was slightly easier for the top grades. Some grades were scarcer, the quality of the receipts being generally good, and hence those grades were rather stiffer.

No material change is noted in the general tenor of crop reports. Recently, however, there has been excessive rain in some sections, and it is apprehended that some damage may result, more particularly to the open cotton.

A rural editor has at last gratified the curiosity of an anxious public by explaining the significance of the editorial "we." He says: When it is "We expect our wife home today," "we" refers to the editor; "We are a little late with our work," includes the whole office force even to the devil and towel; in "We are having a boom," the town is meant; "We received over 1,000,000 emigrants last year," embraces the nation; but "We have hog cholera in our midst" means that the man who takes our paper and does not pay for it is ill.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—or sunshine—and of atmosphere,—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

The Fort Myers Breeze says that several 50-cent coins have been in circulation there, lately, which have been defaced with the advice to try certain liniment. Such coins have been used to be legal tender and the manufacturing that medicine, if it is guilty, is exceedingly foolish. It is liable to a fine far greater than all the profits it could make in years on such illegitimate advertising.

Moreover, permission has to be gotten from the board of the company selling these boats. Get at the root of the trouble. Rubbing an aching back may relieve it.

But it won't cure it. You must reach the root of it—the kidneys. Doan's Kidney Pills go right at it; reach the cause; relieve the pain. They cure, too, so Gainesville people say.

Mrs. John Smith, living at 307 E. Magnolia street, Gainesville, Fla., says: "I had been suffering from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp pains through my body, and after stooping, found it very difficult to regain an erect position. I was subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box at J. S. Bodiford & Co's., and began their use. I had been taking them but a short time before I felt much better. I continued their use, the pains lost their severeness, and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

DEATH OF HARRY RUNKLE.

Former Gainesvillian Died in El Paso, Texas, on September 10th.

Harry E. Runkle, well and favorably known in this city, where he formerly resided, died at his home in El Paso, Texas, on the 10th inst., of consumption.

For years he was engaged here as a drug clerk with Dr. McMillan, later engaging in the railroad business, being chief clerk in the freight depot of the old S. F. & W. Ry.

It was here that Mr. Runkle married Miss Sue Brewer, and shortly afterwards they removed to Tampa, where he engaged in the drug business. The climate there failing to agree with him, he was forced to sell a lucrative business and move to Texas, where he found relief, but only temporarily, as the dreaded disease returned.

Deceased was born at Lisbon, Iowa, November, 1870, and moved to Florida with his parents in 1884, residing in

the State continuously until he moved to Texas in 1894.

Besides a devoted wife, he leaves his father, J. Runkle, of this city, one brother, William Runkle of River Junction, and three sisters, Mrs. Hattie Warnock, Jacksonville, Mrs. Laura Naftzger and Miss Clara Runkle of this city, to mourn his demise.

The remains were laid to rest in El Paso and the wife will dispose of the property in that State and make her future home in California, as that section of the country agrees with her.

WALDO NOTES.

Waldo, Sept. 12.—Marshal J. T. Weeks, who was stricken with paralysis a few weeks ago, is able to sit up a little and is gradually improving.

Proprietor Thigpin of the Waldo House, who has been suffering from Bright's disease, is able to be up and about the house.

Miss Pearle Cone, who is training in an institution at Valdosta for a trained nurse, is at home for a few days.

A revival meeting continuing in the Methodist church for two weeks will close Sunday night. Pastor Barr is aided by Rev. I. C. Jenkins, vice-president of the Southern College at Sutherland. The meeting is creating great interest. Special services for men and boys, and for women and girls, were largely attended.

Mrs. W. B. Ennis and children are visiting her parents, Rev. and Mrs. D. L. Branning.

Miss Ida Redd is at home on a visit to her mother, but will return to her position in a store in Jacksonville soon.

A larger area has been planted to sweet potatoes than ever before in this vicinity, and ten thousand bushels will be bedded out another season to furnish draws to be shipped into various States. This has become a leading industry, in which T. K. Godbey is the pioneer.

Mrs. Florida Geiger and daughter, Bessie, have been quite ill with fever, but are improving.

Miss Paramenter has returned to Massachusetts, after winding up the affairs of her mother, the late Mrs. Todd.

The mercantile business of E. A. Turner has been changed by the partnership formed by the addition of Mr. Turner's father, and the style of the firm now is A. Turner & Son.

The result of the town election on the 10th inst. was as follows: M. W. Hogan, mayor; L. P. Miller, marshal and collector; D. L. Branning, clerk and assessor; J. L. Winter, Waldo Hicks and G. W. Scarborough, councilmen. The inspectors were R. C. White, W. M. Pugh and Waldo Hicks. Mayor Pettit would have easily been re-elected, but he declined to serve longer. Mayor-Elect Hogan has been

NEW COACH FOR THE UNIVERSITY of FLORIDA

The State University will have a new Physical Director and Athletic Coach for the coming year. Mr. George E. Pile, for the last two years Athletic Director and Assistant Football Coach at the Virginia Military Institute, and prior to that time for two years in the University of Kentucky in the same capacity, will have charge of all athletic work of the University for the coming year. Mr. Pile has had splendid and successful experience both as an athlete and as an instructor in athletics. During his experience as a player he was coached by Princeton and Michigan coaches; and Mr. Curtis E. Redden, captain of the Michigan team for 1903, and a member of the All-Western team for the same year, says: "Mr. Pile is probably the most versatile player of my acquaintance, which includes many of the greatest players the sport claims. His adaptability and energy, coupled with his ability to impart his knowledge to others, are qualities which should make him a valuable man to any team. I have no hesitation in recommending him as a coach. His habits are above reproach, and his conduct and his personal attractiveness wins for him from the start the confidence and friendship of those with whom he comes in contact."

Mr. Branch Johnson, one of the coaches of the Virginia Military Institute for 1906, says: "He knows more about football than any man of his

age in the South. I recommend him to anyone as a most able coach. Better than anything I have said yet, he is the best type of the college graduate; and none need fear for the gentlemanly behavior of the man under his charge."

His efficient work at the Virginia Military Institute, and his high character are strongly vouched for by the authorities of that institution, as well as by the general secretary of the Bristol Y. M. C. A. and the pastor of the First Presbyterian church of that city. Gen. Scott Shipp of the Y. M. I., says of him: "He has proven highly efficient in all respects, and we regret that he resigns. He is a man of pleasing manners and address, of high character, and is worthy of all trust and confidence. It gives me pleasure to recommend him."

It will be seen, therefore, that Mr. Pile is both a practical athlete of high order, an efficient physical director, and a man of the highest character. Under his efficient supervision the University hopes to take a leading part in the college athletics of the State during the coming season.

A REMOVAL and—THE REASON

This is to notify the public that we have removed our stock of Crockery, China and Glassware from the Graham building, 116 East Main street N., to our main stores, 120 E. Liberty street, where the entire upper floor will be devoted to this department.

This move will concentrate our business, and at the same time materially decrease our expenses. Taking into consideration these facts does it not look reasonable that we will now be in a position to sell this line at greatly reduced prices? That's the reason.

Come to our store, visit this department, and we will take pleasure in showing you the handsomest and most complete line ever seen in this town.

his family. He expects to be absent about two weeks, when he will return to the city with his family.

Mrs. E. M. Bynum departed yesterday for Jacksonville, where she will spend the next several days. She was accompanied by her father, Capt. H. C. Cato, who has been here as a guest of his daughter, Mrs. B. T. Arnou.

Miss Lula Moody departed yesterday for Ocala, where she was called on account of the serious illness of her sister, Mrs. R. M. Perry. It is hoped that she found the patient greatly improved upon her arrival there.

Miss Ida Burkheim has returned to the city from Virginia Beach, the Carolinas and other points of interest, where she spent the past summer. She was accompanied by her sister, Miss Sophia, and brother, Marcus, better known as "Brother."

Chas. H. Griffin, who formerly resided at Jonesville and later was a successful knight of the grip, was in the city yesterday en route to Alachua, where he will spend Sunday. He is now engaged in the naval stores business in South Florida.

Willie Lovelace, who has been spending the past few weeks in the city as the guest of his sister, Mrs. D. M. Tomkies, returned to his home at Brewton, Ala., yesterday. He made many friends while here who will be pleased to see him return again.

Mrs. Z. G. Holland, daughter of Mr. and Mrs. D. M. Dean, and two children, arrived in the city yesterday and will spend the next two weeks visiting her mother at this point. She was accompanied by Miss Carrie Dean, who has been visiting her at her home at Espanola.

E. M. Clarke and wife returned to the city yesterday from their bridal trip of the past two months. While absent they visited many points of interest throughout this and other States and return to their home here pleased with their trip. Mr. Clark is a traveling man and will resume his position on the road as soon as he gets things conveniently situated for Mrs. Clarke.

After a very successful professional visit to Tallahassee and West Florida, Dr. Armstrong will make his regular visit to Gainesville next Tuesday, the 15th. The Doctor is meeting with grand success in his drugless system, having cured and overcome many complicated chronic troubles for many of our citizens here. All eye troubles also overcome and cures straightened without knife or operation. Dr. Armstrong can be seen at the Brown House all day Tuesday.

George C. Cron is back from a visit to Gainesville, his old home. He says that the town is growing right along. That it has the finest picture show he has seen anywhere, and on the opening night seven hundred tickets were sold. He says also that Mr. Baird, the rich hardware merchant, is erecting an opera house in the University City that would be a credit to a town of twenty thousand inhabitants. Gainesville expects to have that many soon, and Mr. Baird is only anticipating things—taking time by the forelock. We are glad that our sister city shows so much life and thrift.—Ocala Banner, 12th.

OUR WEEKLY LETTER FROM NEW YORK

Accessories of the Autumn Gowns Little Changed—The Separate Blouse Really Disappearing—Mohair a Smart Fabric for Tailor-Made Suits—Revolutionary Ideas of the New Millinery.

BY MONS. GENE DE PONTAC.

Many of the features of the spring modes—particularly in the way of trimming—will hold over on the autumn gowns. Buttons down the front, in the middle, on the sides—buttons, buttons everywhere; buttons and loops, or simulated buttonholes; soutache braiding; black or self-color satin binding as a finish for wool coats and skirts—all these will last through the autumn season. Also the waistcoat remains an important feature, and is often made quite separately, so that the coat may be worn with it or not. For tailored costumes this waistcoat is of light-colored cloth or flannel—for more elaborate costumes, of brocade or silk embroidered or braided and trimmed with fancy buttons in cut steel, Rhinestones or silver.

Combinations of materials are still largely seen—cloth, satin and net, for instance, all being combined in one gown—but nearly all the new costumes are in one color throughout—though sometimes two shades of the same color. Blue is still high in favor, and the peacock shades are

the most popular among the blues, then come the Nattier, Copenhagen and royal; grays and browns follow closely after. For evening wear Paris is indulging in a craze for old gold.

The first autumn shirt-waists are entirely along tailored lines, even when made of satin or silk, and the long, close-fitting sleeve is the one distinctively novel feature. More elaborate blouses, literally separate, are still worn, but the effect is not at all that of the old-fashioned waist which had no real connection with the skirt. Now everything is done to carry out the one-piece idea. Even if the blouse be quite separate actually and of an entirely different material from the skirt, it usually matches it in color and either the skirt is cut with a mounted girde, the blouse with a girde formed of folds, or a wide, soft, draped sash comes up to the bust seeming to be a part of the gown itself.

Mohair is exceedingly popular this autumn, and many coat and skirt suits of this fabric will be worn during the early cool days. The white mohairs are fully as popular as the white serges, and the two-toned checked, striped or ribbed designs, in medium colorings, trimmed with silk braid, make most useful traveling or morning costumes.

The latest importations of the fashionable millinery indicate a complete revolution in headgear. Abroad a few fashion leaders have already appeared in small toques, and all the newest hats are small and close-fitting, the only reminiscence of the spring modes being in the "Huguenot bonnet," which appears again among the new shapes, with high crowns and narrow brims closely curled up on one side. Among autumn colors in millinery, yellow and orange will be

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—your mother, or your sister. I want to tell you how doctor. Men cannot understand women's sufferings, better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Catarrh of the Uterus, Displacement of the Uterus, Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, down feelings, nervousness, and bowels, bearing the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles, caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. very popular, as will jade green and shades of coral and flamingo. Fruit is to be much used as a trimming—rich yellowish or orange-colored cherries, deep purplish black or opal-green grapes, pinkish raspberries, and even tiny apples, oranges or limes.

Hoods for theatre or travelling wear are being quite taken up both in London and Paris, and the milliners are devising the most becoming models possible. For traveling the most convenient are those shaped like a friar's cowl, as they can be rolled up and put into a bag. Those like a Shaker bonnet run with whalebone and setting out from the face, are for theatre or evening wear, allowing the elaborate coiffure of the hour to emerge undisturbed, and are made up in light shades and materials, lined with satin and trimmed around the front and neck with lace frills, ribbons and sometimes tiny flowers. In Paris these frivolous bonnets are even being worn for motoring, swathed about in long chiffon veils.

A Burglar in Town.

His name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup—it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1 per bottle. Sold by W. M. Johnson.

NOTES FROM ALACHUA.

Session of the Farmers' Union Was Well Attended.

(Alachua News.)

Pursuant to the call of J. W. May, county president of the Farmers' Union, a large number of representatives of the farmers met at Caswell hall Thursday morning to decide as to the proper action to be taken by them in the marketing of old cotton now on hand and the growing crop. Two sessions were held, but the morning session was devoted to routine work and the prime subject was not reached. With thirteen lodges represented at the afternoon meeting opened. A selling price for cotton was agreed upon but not divulged. A full delegation was selected to attend the National meeting at Valdosta. It was decided to build a warehouse at Alachua 100x300, but the site has not been selected as yet. It seems hardly necessary for us to state that an excellent dinner was partaken of in the company's store, and that the local lodge was the generous host.

The building of the First National bank will soon be ready for occupancy. The beautiful office furniture has arrived and the directors and cashier are to be congratulated on the taste displayed in its selection. The massive doors and large plate glass windows will soon be in place, and then we can be pardoned for saying that we have two of the finest and best banking institutions of any town of our size in the State of Florida. The building will be opened for business in fifteen days. The Berry's building is practically completed, lacking only the doors and windows, which are now here. These in place this surprising firm will not be long in emptying their new quarters.

James E. Thompson and Elizabeth Perkins, colored, were married at the M. E. Zion Methodist church at 8 p. m. last evening, many white people being present, and for whom special seats had been reserved. Nothing was lacking to make this the most notable colored affair of the season, even flower girls being introduced to add to the occasion. Jim is popular with all classes, and we understand the white patrons of his barber shop thought so much of his work and respectful conduct that they chipped in and bought him a bed-room set. The bride is said to be a most amiable person.

STARTS WAR ON CIGAR FRAUDS.

Sale of Bogue Key West Brands Enjoined As First Step.

Philadelphia, Sept. 12.—With the entering of a sweeping injunction in the United States Circuit Court, restraining the use of the name "Key West" in connection with cigars not made in that city, has begun a general campaign against the practice of misbranding cigars. The injunction was obtained by the Key West Cigar Manufacturer's Association, which is determined to stop the practice of calling cigars "Key West" unless they are in fact made in Key West, Florida.

The injunction just issued is very broad in its terms and restrains the defendant "from in any way, manner or form, directly or indirectly, whether by means of labels, bands, marking on boxes, word of mouth, or otherwise, making use of the words 'Key West,' and any and all colorable imitations thereof, in connection with the sale or offering for sale of cigars which are not in truth and in fact made in Key West, Florida; and from passing off or attempting to pass off cigars not in truth and in fact made in Key West, Florida, as and for Key West cigars."

S. R. Perry, of the law firm of Stuart and Stuart, 60 Wall Street, New York, counsel for the Key West manufacturers in the Philadelphia suit, said today:

"The defendants in this case are only one of many manufacturers and dealers who make a practice of misbranding cigars and of substituting weeds of all kinds for the Key West-made product. Owing to climatical, atmospheric and other favoring conditions, Key West, Florida, has exceptional advantages for the manufacture of cigars, and the output of the genuine Key West product is now about 100,000,000 cigars a year. Many times that number of cigars are, however, sold as 'Key West,' and it is this fraud that our clients intend to stop. Smokers can partly protect themselves by observing on the bottom of the box the name of the State in which their cigars are made. If not made in a Florida factory a cigar evidently cannot be a 'Key West.'"

A Traveling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to LeGrande, Ore.," writes Sam A. Garber, a well-known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said: 'There is a woman sick unto death in the car.' I at once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and with a death-like look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande, where I was to leave the train. I gave the bottle to the husband in case another dose should be needed, but by the time the train ran into LeGrande she was all right, and I received the thanks of every passenger in the car." For sale by all druggists.

Dead Body of Priest Found.

Mobile, Ala., Sept. 13.—The dead body of Rev. Father Angelo Phiarigione, founder of the Italian colony at Daphne, Ala., and well known all through the east for missionary work, was found Thursday alongside of a log several miles distant from his home. It is believed that he was caught in the storm of Tuesday night and died from fatigue while seated on the log. He was seventy years of age and a native of Italy. The dead priest was a noted educator.

The only cure that never fails and has no bad effects. Sold by W. M. Johnson.

S.S.S. MAKES A LASTING CURE

There are certain mineral medicines which will remove the external symptoms of Contagious Blood Poison, and shut the disease up in the system for awhile, but when the treatment is left off the disease will surely return. Then the loathsome symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc., are usually worse because the disease has made rapid progress on the internal members, and weakened the constitution and general health of the sufferer. S. S. S. is the only remedy that can be used with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. This medicine, made entirely of roots and herbs of recognized curative and tonic value, antidotes and destroys the powerful virus of the disease, and by purifying the blood of every particle of the poison and enriching and strengthening the circulation, removes every symptom of the trouble. S. S. S. does not hide or cover up the disease in any way, but drives it entirely out from the blood, leaving not the slightest trace for future outbreaks. Home treatment book with valuable information and any medical advice desired sent free to all who write.

FOLEY'S HONEY AND TAR

Cures Coughs Prevents Pneumonia

CAROLINA'S OFFICIAL VOTE.

Smith, for United States Senator, Has Majority of 30,000.

Columbia, S. C., Sept. 12.—Official and complete returns from Tuesday's democratic primary received show that Banks L. Caughman, incumbent, has been re-elected railroad commissioner over James L. Cansler by the small majority of 797 votes out of a total vote of 110,021.

The total vote for the various offices follows:

For United States senator: E. D. Smith, 69,318; John Gary Evans, 39,655.

For superintendent of education: Swearingen, 61,288; Mellicamp, 48,291.

Railroad commissioner: Caughman, 55,409; Cansler, 55,612.

These nominations are equivalent to election.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. J. W. McColium & Co.

O'Rourke Resigns Position.

Baton Rouge, La., Sept. 12.—Charles H. O'Rourke, chief inspector of the department of agriculture and immigration of Louisiana, who introduced in several southern states special methods for the state inspection of fertilizers and other commodities, has resigned his position to engage in business. Mr. O'Rourke is well known in Atlanta, Montgomery, Dallas, Nashville, Little Rock and Jackson, Miss.

Hopplity Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c. 50c and \$1. Sold by W. M. Johnson.

May Oppose New Ruler.

Casablanca, Sept. 12.—Abd el Aziz, the former sultan of Morocco, has written a letter to M'tougl, one of his leaders, thanking him for his support, but saying that he had decided to abandon the struggle. M'tougl replied that he would never submit to Mulai Hadd, and it is believed that he intends to enter the field against the new ruler of the empire.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. J. W. McColium & Co.

Much Activity Shown.

Baltimore, Sept. 12.—A review in this week's issue of the Manufacturers' Record of building operations in southern and southwestern cities during August indicates much activity in all kinds of such work, many localities showing decided increases over previous months.

Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Finstone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all druggists. Samples free.

ARE YOU SURE

That the ice cream you buy is strictly PURE?
Do you know that the makers' hands were clean, flies excluded from the factory, and freezers and other utensils kept in Sanitary Condition?

Why take any chance where your health is concerned? Why not

MAKE AND FREEZE YOUR OWN ICE CREAM

in 10 MINUTES

FOR 1c. A PLATE with

Jell-O ICE CREAM Powder

It is so easy. Simply stir contents of one 13c. package into a quart of milk and freeze, without cooking, heating or the addition of anything else. This makes two quarts of ice cream, clean, pure and wholesome. A good ice cream freezer can be bought for a dollar or two which will last for years, and will soon save its cost.

2 packages JELL-O ICE CREAM Powder for 25c.

Flavors: Chocolate, Vanilla, Strawberry, Lemon and Unflavored.

Sold by all good grocers.

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large quantities, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have agents, never did, and never will I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not insured against loss of the original, but will have a guarantee of a finished likeness and an artistic finish.
